

**Alumni Service: Barbara Lichty Blunk, class of 1953**

Barbara has been a key spokesperson and strong advocate for U-High for many years. To ensure that the high standards of U-High would continue, she had a dream to build a strong University High School Alumni Association. With Barbara's help, the Alumni Association became a reality in 1996. Barbara has been an officer on the Alumni Association Board since its inception and has relentlessly promoted positive relationships with U-High alumni. Barbara can also take pride in helping develop the fall alumni recognition event held each year in conjunction with U-High's homecoming. This event has been popular with a wide range of alumni, from current students to graduates from the 1930s. Barbara recently retired from teaching at University High School.
