

2024 University High School Open House Schedule

September 4, 2024

Parents & Guardians, we have included the blank schedule below for you to complete with your student's daily schedule. As you may already know, your student's schedule can also be accessed using Skyward Family Access. In either case, you will have time to meet with your student's instructors at the times below, in the same rooms that they use during a regular day here at school. Classes will last for approximately 10 minutes. We look forward to seeing you on September 4th!
