## The Details

Players will be coached in the fundamentals of multiple offensive and defensive positions by U-high coaches and players. Players will have opportunities to choose their position groups and also receive basic instruction for all position types. We want players to walk away from the camp with a better understanding of all positions on the field as well as improving their expertise at their desired position. We want players and coaches to walk away with an understanding of how we teach the fundamentals of each position.

**JFL Coaches Welcome!** We would love to have you there to see how we teach our fundamentals. Feel free to take notes or videos of the drills to take back to your programs!
